At night, the streets come alive with colorful buskers and performers. The street is recognized both on a worldwide level as well as locally as it remains Vancouverites' favorite shopping destination.

Granville Island - A living, breathing urban oasis filled with fine waterfront restaurants, theatres, galleries, studios, unique shops, cafes and the most spectacular fresh food market you've ever seen. Add a vibrant and diverse mix of people and activities, and you have a destination so dynamic, no visit to the city is complete without spending at least a day here. Just think of Granville Island as Vancouver's Town Square.

Public Market on Granville Island - Browse the aisles and sample local and exotic flavours from the very best farmers, bakers, butchers and fishmongers. All fresh. All the time. There's crafts galore and buskers too. Plus a waterfront courtyard for people-watching.

Vancouver Aquarium - As Canada's largest aquarium, the Vancouver Aquarium connects hundreds of thousands of Aquarium visitors with the natural world. With over 50,000 animals and unique opportunities to come up close with some of the world's most elusive creatures, every visit is an unforgettable one. UBC Workshops: Drama - Students will work with an acting teacher, a voice teacher and a movement teacher over the course of the two hours to explore how an actor uses their personal resources (body, voice, intelligence and imagination) to tell a story. **Band & Choir**— Students will work with guest conductors who will lead a rehearsal of your ensemble. The clinician will work on specific areas of technique and interpretation determined in consultation with the ensemble's director. Working with these featured artists will deepen both the interpretation and delivery of your repertoire to make the experience a memorable one. **Visual Arts** — students will participate in a workshop with Faculty of the Department of Art History, Visual Art & Theory. This may include a hands-on workshop and/or visit to an exhibition at one of UBC's galleries.

TheatreSports Improv Show - Founded in 1980 Vancouver TheatreSports™ League is Vancouver's #1 improv comedy company and a well-respected international leader in the art form – recognized for producing some of the most innovative improv comedy anywhere with a style that is a highly theatrical fusion of the dramatic elements of comedy and tragedy coupled with the enthusiasm and edge-of-your-seat excitement of professional sport. Razor-sharp wit and lightning-fast reflexes, two teams of players are pitted against each other in competitive improv matches.

Vancouver TheatreSports Improv Workshop – For over 20 years, Vancouver TheatreSports has been working with students to unleash creativity and intuition, showing them how to trust their instincts, explore new approaches to problem solving and how to deal gracefully with the unexpected through our “improv-based” programs. These laughter-filled sessions provide a memorable shared-experience for your group. One that provides skills the students can apply back at school and in life (valuing the ideas of others, being open to new ideas, looking to support others). All of their courses are conducted in a safe, secure environment, where no one is made to feel uncomfortable, or “put on the spot”. Both those who enjoy performing and those who haven't expressed an interest in the performing arts will enjoy and benefit from these courses.
